Talk to your child about their day

Tiger Growth Sessions- During October Conferences

Our goal is to explore and provide resources to help your child practice foundational skills at home. The sessions will provide you the following information and opportunities to support your child:

1-Grade-level skill - Teachers will explain the foundational grade-level skill to help families gain a deep understanding of the skill and how it can be applied to support student learning.

2-Student folders - Teachers will share anonymous test scores from the class to increase knowledge and understanding of grade level measures and to cultivate a shared responsibility for student learning growth.

3-Games and/or Activities - Families will be provided materials and hands on opportunities to practice activities that promote student growth in the foundational grade-level skills.

4-Smart Goal - Families take an active role in setting high expectations and monitoring their child's growth and achievement.

5-Tiger Growth Night - Return to next Tiger Growth Night for an updated progress of skill and another fun activity!

PBIS–

Positive behavioral interventions and supports (PBIS) is a way to encourage good behavior.

- Students will earn points and rewards for showing Tiger PRIDE at school.

P-Positive Attitude

R-Respectful Behavior

I-Integrity

D-Doing Your Best
