6. Old business

- Update of RES Fall Classworks data-

Kim reviewed Fall DQA testing data-

Math

2nd grade	80% average score	73% of students passed
3rd grade	68% average score	66% of students passed
4th grade	61% average score	47% of students passed
5th grade	78% average score	79% of students passed

ELA

2nd grade	75% average score	69% of students passed
3rd grade	62% average score	46% of students passed
4th grade	69% average score	56% of students passed
5th grade	69% average score	47% of students passed

Discussion over Math being a lot more rigorous now and we will meet with teachers next Wednesday afternoon to look at standards we need to reteach to work toward mastery.

## 7. New business

- System Technology updates with Mr. Gaddis-

Roman Gaddis discussed last summer the Wireless networks were upgraded. We have wireless access points in every classroom now which prevents our technology from slowing down when in use. Cost was \$160,000-we get a portion back through erates.

Summer projects:

County switch to Google Apps for education - gmail, google drive, and cloud storage for all teachers - this will save county \$17,000 annually.

New website for the county

Half time Instructional technology position to support schools

1-1 Initiative - looking to provide in order to support the rigor in our classrooms.

Students will be creating and producing to enhance learning. More discussion to come - will be possible phase in project. A meeting was held in September to look at options for this initiative.

Suggestion - Invite Mr. Harrison for Wednesday workshop - send a survey to staff to find greatest need.

Moved to North Georgia network for internet connection
